- approximately \$4,168.63 annual savings on whole co-op's electricity bill
- 28,358 kWh annual savings

## Finchview Villa

*Finch, Ontario*

Finchview Villa applied for the **saveONenergy HOME ASSISTANCE** Program and received **FREE** energy-efficient upgrades for their members. Finchview Villa is a non-profit apartment rental complex for seniors, and offers rent-geared-to-income and market rent options.

The complex is a low rise two storey building with 32 units, common space and meeting areas. It is also connected to a seniors support centre.

*"The entire process seem to be very well managed and was completed in a timely manner. We are completely satisfied with the end result, we received 4 new Energy Efficient Fridges and one new a Energy Efficient freezer."*

The **saveONenergy HOME ASSISTANCE program** (HAP) is a provincial energy conservation program funded by the IESO and is being offered in partnership with your local electric utility. GreenSaver will do the work to complete your application and coordinate the installations for your facilities at no cost! This program funds all costs of supplying and installing upgrades in single family-type and low-rise multi-residential suites.
